-2-

All of the weapons, ammunition, tobacco and radio receiver-transmitters [were Soviet-made; I assume, therefore, they are sent from the USSR. Uniforms, food, gasoline and telephones, however, I believe are produced in the Soviet Zone of Germany. I know of no plant in the Soviet Zone of Germany which manufactures ammunition.

25X1

5. The only chemical warfare equipment about which I know anything includes gas masks and such chemical defense equipment as protective tents, protective clothing and decontamination equipment stored in the chemical storage depot at Naumburg.
